The Commission received the following e-mail -

This firm represents Walton International who has an interest in the property known as Cactus Springs within the proposed CC&N expansion of the above referenced case. This letter is to inform you that our client is supportive of this application. Walton has requested both wastewater and water service from Palo Verde Utilities Company and Santa Cruz Water Company respectively, and are anxious to have the CC&N secured so that they can move forward with other aspects of their project. The need for utility services on their respective properties is demonstrated and imminent, and the owners feel that these companies are in the best position to provide timely service at reasonable rates which will be in the best interest of the ultimate end users of these projects. Therefore, we respectfully request that you approve this application without delay. Thank you.
